

Automation Service Engineer

Job Description

We are seeking a skilled and dedicated Marine Service Engineer to join our team. The successful candidate will be responsible for providing technical expertise and support for marine equipment and systems such as Boilers, Inert Gas Systems, and Incinerators including troubleshooting, repair, and maintenance. The ideal candidate should be willing to go for a job any time with short notice, and able to work in a fast-paced, dynamic environment.

Key Responsibilities:

- Perform routine and emergency maintenance on marine equipment and systems, including Boilers, Inert Gas Systems, and Incinerators and other related equipments.
- Troubleshoot and diagnose problems with marine equipment and systems and implement appropriate solutions.
- Perform repairs and replacements of faulty components and ensure that all work is completed to a high standard and in a timely manner.
- Install and commission new marine equipment and Retrofits, ensuring that all work is completed in accordance with required specifications and industry standards.
- Maintain accurate records of all work performed, including service reports, equipment logs, and maintenance schedules.
- Work closely with other members of the engineering team, as well as clients and other stakeholders, to ensure that all work is completed to the required standard and in a timely manner.
- Respond to emergency callouts as required and be willing to work outside of normal hours to complete urgent repairs and maintenance.

Skills & Qualifications:

- Degree or diploma in Marine Engineering or a related field.
- Minimum of 3 years of experience in a similar role, with a proven track record of delivering high-quality service and support.
- Strong technical knowledge of marine equipment and systems.
- Familiarity with relevant industry regulations and standards.
- Strong problem-solving and analytical skills, with the ability to diagnose and troubleshoot complex issues.
- Excellent communication and interpersonal skills, with the ability to work effectively in a team environment.
- Willingness to travel and work outside of normal hours, and to respond to emergency callouts at short notice.

Job Details:

- Full-time, Permanent
- Location: Dubai, United Arab Emirate
